

Dear Team Mom,

In an attempt to streamline the process of taking the photos of your team, I have created a new form, the Team List. The Team List's purpose is to provide me with a list of the players on the team to make it easier to track the individual photos. Please have this form completely filled out at the time of the photos. I will have to have this first thing at the time of the photos in order for the photos to be taken in a timely manner.

If you could also make sure that your parents have the forms filled out completely and have the payment at the time of the photos.

I will take 2 photos of each player and choose the better of the 2 as the individual photo. I will call the players up in the order they are on the player list to make things go smoother and more timely.

If you have any questions please feel free to contact me.
